

Global List of Premier Competition 2019 Results

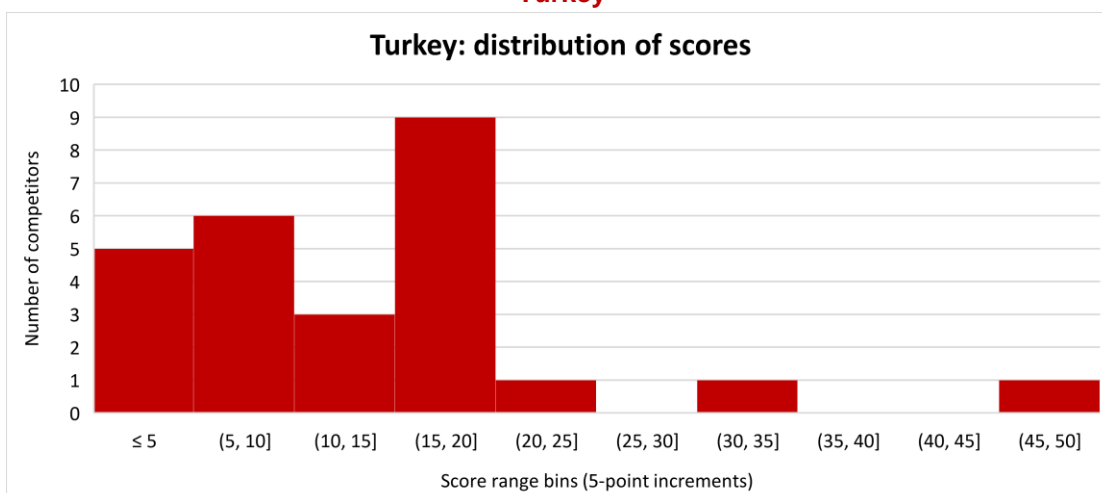

Note: the results below are listed by country in which the students physically competed, in reverse alphabetical order. For countries with more than one site, the corresponding student lists are combined. Each country list is sorted by the total number of points attained by each student, from largest to smallest. Only the names of medalists and honorable mention recipients are listed; exam codes can be used by participants to see their point values. We strongly discourage cross-comparing recognition types between countries, given the large differences in absolute point values; any judgements should be made based on data within individual lists only. As a rule, approx. half of each list was recognized with Honorable mention or a medalist level based on relative distribution of scores, where point values met a certain minimum threshold.

Vietnam

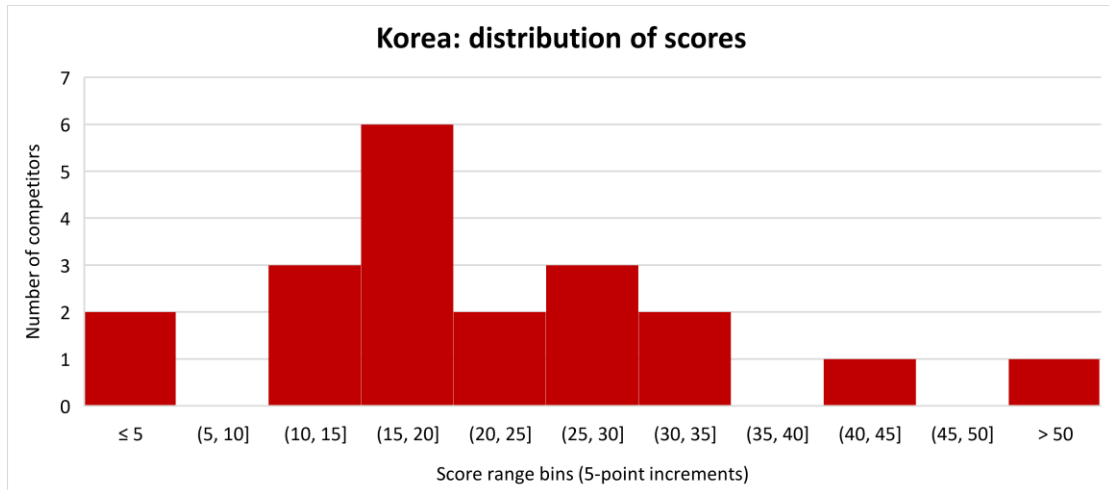

Exam Code	Name	Score /75	Recognition	Country
1901	Nguyen Tien Dat	32	Gold medalist	Vietnam
1902	Nguyen Mai Linh	28	Silver medalist	Vietnam
1903	Nguyen Xuan Huy	28	Silver medalist	Vietnam
